Pisco, Mauricio Daniel

Frontend React JS Developer

Profile

Developer of web and hybrid mobile applications, with more than 5 years of experience in the health insurance vertical. With an entrepreneurial spirit and aware of the positive impact that new technologies can generate in society, I continuously seek ways to solve everyday social problems using the tools at my disposal, focusing on adding value, improving processes, and software quality.

Currently perfecting my skills in design, web development, and leadership to transition to a role more aligned with my multidisciplinary profile.

Experience

- **React.JS / Kubernetes Developer.** Softtek, La Plata (Buenos Aires). November 2023 to May 2024.

  Development of improvements for Web Applications using React.JS, Ant Design, and Axios, among others. Development of manifests for Kubernetes objects (Service, Ingress, CronJob)

  Some milestones:

  - *Containerization of batch application (configuration of dockerfile/yaml files for object provisioning, multidisciplinary work with DevOps professionals, preparation and delivery of training to the technical team)*
  - *Development of increment in web application (layout, API integration, technical team coordination, and task assignment based on expertise)*

  Application domain: Health insurance company (back office: management of interviews with healthcare providers, data analysis, and business intelligence)

- **Full Stack Developer Ionic / Java EE.** Softtek, La Plata (Buenos Aires). November 2020 to October 2023.

  Development of improvements for Hybrid Mobile Applications using Ionic with Angular and React.JS. Development of improvements for Web Applications using Java EE 8, JBoss EAP, MS SQL Server, Maven, Hibernate/JPA, JMS, JMX, JAX-RS, among others.

  Some milestones:

  - *Configuration of global state in web application (use of React Context and useReducer)*
  - *Configuration of SSL Pinning in mobile application (multidisciplinary work with Architecture specialists)*
  - *Migration of SOAP web services to REST with mTLS authentication (joint work with Architecture and Information Security specialists, task coordination with direct client reporting, documentation generation for Postman and Insomnia, training delivery to technical and QA teams)*
  - *Adaptation of mobile web application to responsive design (multidisciplinary work with UX Design professionals)*

  Application domain: Health insurance company (request and management of home medical visits, emergency case referral to ambulance companies)

- **Full Stack Developer Java EE.** Softtek, La Plata (Buenos Aires). August 2019 to October 2020.

  Incident management and development of specific improvements for Web Applications using Java EE 8, JBoss EAP, MS SQL Server, Struts, Maven, Hibernate, Spring IoD, among others.

  Application domain: Health insurance company (back office: management of medication prices, valuation of medical orders, consumption history, and affiliate scoring)

- **External Technical Support Operator.** Obra Social DASU, Esquel (Chubut). March 2016 to February 2018.

  Diagnosis and configuration of operating systems and application software. Repair of hardware-level failures in IT equipment. Basic structured cabling installation.

- **Technical Support Intern.** Obra Social DASU, Comodoro Rivadavia (Chubut). November 2015 to February 2016.

  Diagnosis and configuration of operating systems and application software. Repair of hardware-level failures in IT equipment. Inventory maintenance and incident tracking.

Education

- **Software Engineering Associate Degree.** National University of Patagonia, Esquel (Chubut). In progress (89% completed)
- **Technician in Organizational Management and Accounting Registration.** Highschool No. 711, Comodoro Rivadavia (Chubut). Completed

Professional Development

- Course **"React JS"** (13 HOURS). Digital House (23/4/2025).
- Certification **"GitHub Foundations"** (2 HOURS). GitHub (4/3/2025).
- Course **"GitHub Foundations Learning Path"** (11 HOURS). Microsoft (28/1/2025).
- Course **"Software Quality Testing"** (14 HOURS). Digital House (20/12/2024).
- Course **"UX/UI Design"** (8 HOURS). Digital House (21/11/2024).
- Workshop **"Powerful Identity"** (8 HOURS). Softtek (17/10/2024).
- Workshop **"CPR + First Aid"** (3 HOURS). Reanimar (28/9/2024).
- Workshop **"Feedback"** (3 HOURS). Softtek (20/9/2024).
- Course **"Javascript for DOM"** (12 HOURS). Digital House (17/9/2024).
- Workshop **"Negotiation"** (6 HOURS). Softtek (14/8/2024).
- Course **"Imperative Programming with Javascript"** (17 HOURS). Digital House (18/7/2024).
- Course **"Web Design: HTML and CSS"** (13 HOURS). Digital House (3/7/2024).
- Course **"Executive Brain"** (24 HOURS). INECO (26/6/2024).
- Workshop **"The Influencer"** (6 HOURS). Softtek (16/5/2024).
- Workshop **"Emotional Intelligence"** (6 HOURS). Softtek (26/7/2023).
- Webinar **"Unlock the Power of Modern AWS Applications with EKS"** (2 HOURS). AWS Training and Certification (21/7/2023).
- Webinar **"Migration Tools to AWS"** (2 HOURS). AWS Training and Certification (14/7/2023).
- Webinar **"Update Your Disaster Recovery Policies"** (2 HOURS). AWS Training and Certification (7/7/2023).
- Webinar **"Recommendations to Keep Your Infrastructure Secure"** (2 HOURS). AWS Training and Certification (30/6/2023).
- Webinar **"Cost Management with AWS Cost Calculator"** (2 HOURS). AWS Training and Certification (23/6/2023).
- Certification **"AWS Certified Cloud Practitioner (CLF-C01)"** (2 HOURS). Pearson VUE (ICANA) (9/5/2023).
- Course **"Interactive Introduction to Containers and Kubernetes"** (ASYNCHRONOUS). KubeAcademy (18/4/2023).
- Course **"AWS Partner: Accreditation (Technical)"** (ASYNCHRONOUS). AWS Training and Certification (16/4/2023).
- Course **"Getting Started with Kubernetes"** (ASYNCHRONOUS). KubeAcademy (13/4/2023).
- Course **"AWS Cloud Practitioner Essentials"** (8 HOURS). AWS Training and Certification (31/3/2023).
- Course **"Containers 101"** (ASYNCHRONOUS). KubeAcademy (16/3/2023).
- Course **"Kubernetes 101"** (ASYNCHRONOUS). KubeAcademy (16/3/2023).
- Course **"Introduction to Containers"** (ASYNCHRONOUS). AWS Training and Certification (14/2/2023).
- Course **"Portuguese - Level 1"** (39 HOURS). Faculty of Agronomy of the University of Buenos Aires (26/7/2022).
